

## UFABRIK Silicone Edge

TOPSELLER. The original 100% Silicone bar used by nearly the whole worldwide print industry. We hold the standard 14mm x 3mm size which is the most common for finishing graphics for lightboxes and display frames, and also hold a 12mm and 9mm for the different frame systems which are on the market.. Silicone is a natural substance and is completely safe to be re-used and incinerated after application use.

Code	Width	Length	Thickness
UFAB/SIL/9/3/150	9mm	150m	3 mm
