# FOAM-X®

INDOOR ALL-ROUND BOARD

Cost-effective quality product with high performance.

FOAM-X®

| Digital printing | Displays | Exhibits | Hanging signs | Exhibitions |

The impressive indoor all-round board

FOAM-X® is a lightweight foam board with a polyurethane foam core and coated multi-layered recycled paper liners. FOAM-X® is suitable for indoor applications. The material provides an ideal weight-stability-ratio. Additionally, FOAM-X® can be processed very easily with manual tools.

Foam board structure

Coated multilayered recycled paper liners

Polyurethane foam core

Processing options

- Digital printing
- Screen printing
- Gluing (High resistance to solvent-based glues and paints)
- Cutting / Die cutting / Plotting
- Punching
- Folding / Constructive forms
- Mounting / Laminating (For best results we recommend double-sided lamination)

Applications

FOAM-X® is particularly suitable for short-term indoor usage.

- Hanging signs
- PoS/PoP applications
- Window displays
- Photomounting
- Screen and digital printing
- Modelling
- Decoration and picture frames (passepartout)
